EDUCATION / PROFESSIONAL DEVELOPMENT

Xavier University of Louisiana

New Orleans, LA

Bachelor of Science in Computer Science and Minor in Mathematics August 2019 – May 2023

- **Relevant Courses:** Introduction to Computer Science, Data Structures & Lab, Software Development, Operating Systems, Databases, Data Analytics, Design & Analysis of Algorithms

Udemy

The Complete Full-Stack Web Development Bootcamp

December 2025 – Present

- Expanding existing web development language skills from academics and learning the latest technologies in full-stack development.

WORK EXPERIENCE

CotingaSoft

New Orleans, LA

Software Development Intern

June 2022 – July 2022

- Assisted in designing some **user interfaces** to better fit the needs identified from user experience research.
- Implemented the **front end components** of a login feature for a web application while the backend-focused devs built the API endpoints.
- Removed deprecated **API** calls and updated dependencies to current versions.
- Identified obsolete versions of **AWS** resources and suggested upgrades to maximize usage of said resources for little to no increase in pricing.

PROJECTS

Udemy Capstone

New Orleans, LA

Rain-Checker Web App ([Repository](#))

March 2026 – Present

- Building a **NodeJS Express** web app with **EJS** templating that uses the OpenWeatherMap 5-day forecast **REST API** to check for rain conditions (weather IDs 200-531) in the forecasts for the next day; Requires a free API key.

Udemy Capstone

New Orleans, LA

Blog Web App ([Repository](#))

February 2026 – March 2026

- A blog web application using **NodeJS** and **Express** for the backend, as well as **Embedded JavaScript (EJS)** templating and **Bootstrap CSS** for the frontend; Create, edit, delete, and search blog posts with ease.

SKILLS

- Java, Python, HTML, CSS, JavaScript, NodeJS, ExpressJS, EJS, SQL, PostgreSQL, Git, Docker, Amazon Web Services, Visual Studio Code
